

EMIGO NETWORKS

YOUR TRUSTED IT TRAINING & OUTSOURCING PARTNER

EMIGO NETWORKS

Your Trusted IT Training & Outsourcing Partner

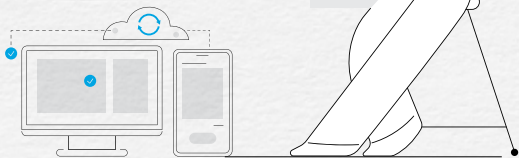

About US

EMIGO NETWORKS established in 2009, is a pioneering company registered in India under the Companies Act. Throughout the years, EMIGO NETWORKS has earned its reputation as one of India's most trusted and industry leading providers of role-based technical training in Networking, Cyber Security, and Cloud Computing.

In 2023, we proudly expanded our operations to Dubai, UAE, further strengthening our presence in the international market. In Dubai, we have diversified our offerings to include Corporate Training and Certification, IT Outsourcing, as well as Network Consulting Services.

Maximize Your Business Potential and Minimize Your IT Headaches.

The equation is simple:

IT OUTSOURCING

ONSITE ENGINEERS

CONTRACT HIRING

- Slightly longer to hire
- Works as a permanent employee
- Visa cost or labor card required
- Role-specific experts
- Project-based contractors

REMOTE ENGINEERS

CONTRACT HIRING

- No long-term financial/HR commitment by the company.
- Remote teams are cost-effective.
- NO Visa cost or labor card.
- Project-Based contractors
- Increased productivity to boost their overall performance.
- Can hire for short projects or on a repeat basis.

TEMPORARY HIRING

- Easy hire enables quick support
- No visa cost & long-term commitment
- Fully compliant candidates with valid NOC
- Work duration flexibility
- Access to Specialized Skill Set individuals

TEMPORARY HIRING

- Easy hire enables quick support
- No visa cost & long-term commitment
- Immediate work
- Work duration flexibility
- Less investment than permanent employees.
- Access to Specialized Skill Set individuals

Simplified IT Outsourcing

6-Step process to keep all your screening and hiring worries away.

A simple yet effective 6-Step process to keep all your sourcing, screening and hiring worries away.

STEP 01 Share your job description

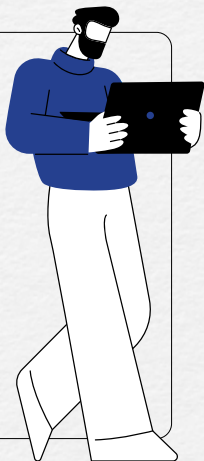

STEP 02 Receive shortlisted candidates

STEP 03 Interview and finalize candidates

STEP 04 Complete legal formalities

STEP 05 IT Onboarding as per compliance

STEP 06 Receive Monthly Invoices

IT Outsource Benefits

Focus on Core Competencies

Concentrate on your core business activities while leaving IT related tasks to our experts, leading to increased your productivity and efficiency.

Cost Savings

Cost effective, as you can avoid the expenses of hiring and training in house IT staff. You typically pay for the services you need, reducing fixed labor costs.

Technology Upgrades

EMIGO provide up to date with the latest technologies, allowing your company to benefit from technological advancements without the need for constant investment in infrastructure and training.

24/7 Operations

Reduce your internal infrastructure costs by outsourcing to our already-in-place 24/7 team.

IT OUTSOURCE BENEFITS

Corporate Training

More Skills Means More Productivity

Get your Employees Trained, Certified and back to work fast with EMIGO's Accelerated Courses

Cyber Security Awareness Training for Employees

Digital pirates live among us! In our digital world, every single company connected to the internet is vulnerable to hackers. It's everyone's job to protect their organization from digital attacks, data breaches, and other cyber security risks. And our job is to support you in delivering the best cybersecurity training to your employees.

COMMITTED TO CONTINUOUS LEARNING

Our Corporate training offers several benefits, including improved employee skills, increased productivity, enhanced job satisfaction, and a more adaptable workforce. It can also contribute to employee retention and overall organizational success by keeping the workforce updated with industry trends and best practices.
